IN THE BUSINESS.

### What Customers are Saying:

"A tree fell on my garage and porch. I was able to get the tree removed the next day and your adjuster arrived the day after that. My contractor arrived on the following day and promptly emailed his estimate to me. I am very satisfied with the whole procedure." — William R.

"We felt like we had people on our side from beginning to end doing all that was possible. The new roof is complete, railings are complete, and siding should be done this week! It's great to be on your team." — Nelson W.

Each contractor in the program has undergone a lengthy review process and is closely monitored to ensure a high standard of quality is maintained. The contractors in the program can help with all areas of property damage, including:

- Fire Damage
- Smoke Damage
- Water and Mold Remediation
- Cleaning
- Clothing Restoration
- Construction Services

### It's your choice.

With many vendors to choose from, you are in charge of who you want to repair your home or property. You are under no obligation to use a contractor from the Preferred Contractor Program, this program is an added benefit for our valued policyholders — peace of mind from trusted vendors in a timely manner.

## How Does it Work?

The quickest way to access our vendor program is on our website. Log on to our website, [www.mmgin.com](http://www.mmgin.com), and select "Preferred Contractor Program" from under the "Claims" tab on the home page. From there you can select the state you live in and you'll immediately be directed to a map and listing with all of the available preferred contractors near you.

Simply contact the preferred vendor of your choice and they'll work directly with us at MMG to provide an estimate for the repairs or restoration work. Once the estimate has been received and reviewed by MMG, you'll be contacted by us to confirm if you'd like to move ahead with the work. Although we vet each vendor to ensure they meet our strict guidelines regarding quality, professionalism and industry standards, we do not warranty their work. MMG provides a written referral, but all contracts will be between you and the vendor.

Another bonus — we can pay the contractor directly.

It's one less thing you have to worry about. If you'd like, we can pay the contractor directly (up to a certain amount). No more waiting for your insurance check to clear and writing another check to the vendor!

***Payment under your claim and the Preferred Contractor Program is subject to coverage under the provisions of the policy of insurance you have with MMG Insurance Company at the time of the loss.***
